Nowadays, and according to Apple analysis, Safari is told to be the fastest web browser in the world.

Mac users running the latest versions of macOS Mojave or macOS High Sierra can find Safari 13 available to download now from the Software Update section of System Preferences (Mojave), or the Updates section of the Mac App Store (High Sierra).. Originally designed to be a Web browser with the Mac Safari now shows you a website's desktop version that's scaled for the large iPad display and automatically optimized for touch input.. We don't have any change log information yet for version 12.1.1 of Safari for Mac.. Faster and more fluid scrolling makes browsing feel better than ever And a new download manager means you can easily download and share files right in Safari.. The full release notes for Safari 13 are included further below Updating to Safari 13.
